Wendy's report

What can I say about today? When we arrived the wind was certainly blowing old boots. I am usually keen to go out when it is windy nowadays but I took a look and decided to get my boat ready before I wimped out!

Ian arrived and decided for us that it was beyond our capabilities. If it had been slightly more westerly then we would have been able to manage because of the wind shadow which would have been created by the trees. (I hope that's right but Ian will correct me if I got it wrong!)

Instead we gave Ian his gifts and card, ate cake (lots of cake!) and lunch and drank tea.

We also had a question and answer session and this was very interesting. We will be attempting to carry on the sessions until the end of October.
